Eclipse[®]

Blockout Banner Material by DryTac EarthSmart Media

- 100% Biodegradable
- 100% Recyclable

EarthSmart™ Eclipse is non-PVC blockout banner material for UV-flatbed printers. Its high tensile strength and blockout layer make it an ideal choice for durable display and banner stand graphics as well as hanging banners. ASTM and ISO certified to be compostable, EarthSmart™ Eclipse can also be recycled in commercial plastics recycling programs to become raw material for products like trash bags and landscape fabric.
