★ Voted 'Greenest Product of the Show' at the recent ISA Sign Expo in Orlando, Florida (April 2010)

\* Please note that some of these products would require testing and also may not be as readily available although we do have local vendors for everything listed here.

\*\* Perforated Window Film must be used in conjunction with an Overlaminate (Cold Lam)

• **Please Note:** When ordering a material based on its green factor make sure to specify the Mutoh for printing. Lamination changes the Green Factor of all Eco-Friendly materials.
